The requirement for posting of bond is primarily for the purpose of assuring the defendant's appearance in Court at the scheduled time and place. Occasionally there will be times a person is issued a complaint but has no present ability to post the bond and should be released on a Promise to Appear without bond being posted. I will allow the arresting Police Officer to use his/her best judgment and discretion in these cases. Example of this would be elderly persons, medical problems or afflictions, minor children in the car with the defendant and similar situations.

Dated this ____ day of May 2010.
