Public Notice

Mandan Downtown Diesel Remediation Project Public Information Meeting

The Mandan Remediation Trust and the North Dakota Department of Health will hold a public information meeting to discuss the status of the downtown diesel fuel remediation project and the strategy to close out the project. The Department of Health is seeking public input on a draft strategy that will address cleanup end points, future monitoring and remedial action, as well as timing for infrastructure abandonment. The meeting will be held at 7 p.m., Wednesday, February 3, 2010, at the Fire Station Training Room, located at 110 Collins Avenue in Mandan, ND. Copies of the draft project closure strategy plan are available for review before the meeting at the main reception area in Mandan City Hall, 205 2nd Avenue NW, or on the web at www.cityofmandan.com or www.ndhealth.gov.

Location: Fire Station Training Room
110 Collins Avenue
Mandan, ND 58554

February 3, 2010, people present at the public information meeting included: North Dakota Department of Health, Dave Glatt & Scott Radig, Leggette Brashaers & Graham (LBG), Tim Kenyon & Ken Kytta, Morton County Commissioners, Mark Bitz & Bruce Strinden, City Commissioners, Tim Helbling, Jerome Gangl, Tom Jackson & Sandy Tike, city employees, Jim Neubauer, Steve Nardello, Steve Himmelspach & Ellen Huber, Mandan Remediation Trustee, Francis Schwindt, KFYZ Maria Arceo & Andrew Keller, Bismarck Tribune, LeAnn Eckroth, Mandan News, Brian Gray and citizens Carla Bitz and Dan Ulmer.

Tim Kenyon presented the 2009 Annual Report of operations for the remediation project. Following Mr. Kenyon, Scott Radig presented the January 20, 2010 draft Mandan remediation Project Closure Strategy.

Presentations concluded at approximately 8:00 p.m.

Jim Neubauer, City Administrator
