

# MEMORIAL HIGHWAY IMPROVEMENTS

## Newsletter - February 2024 *Schedule/Phasing Updates*

### Project Schedule Updates

The Memorial Highway Reconstruction project has undergone some phasing and drainage revisions following extensive coordination between the City of Mandan and the North Dakota Department of Transportation (NDDOT). A drainage outfall for the eastern portion of the Memorial Highway corridor has recently been selected to be carried forward into environmental documentation and design in 2024. Construction on the roadway is anticipated to occur mainly in 2025 and 2026. An overview of the project schedule is shown below, along with a map to show areas included in each phase of construction. Limits of each phase may vary depending on final design and construction plans.

### Phase 1 & 2 Construction (2025)

- Construct east half of Memorial Highway from approximately 32<sup>nd</sup> Avenue SE to approximately 46<sup>th</sup> Avenue SE
    - Construction includes:
      - Replacement and installation of underground utilities
      - Construction of curb and gutter roadway section with median at major intersections
      - Addition of bicycle and pedestrian facilities
      - Updated roadway lighting and traffic signals
      - Improved roadway drainage with installation of a storm sewer system
  - Construct sanitary lift stations near 32nd Avenue SE and 40th Avenue SE Intersections
- 

### Phase 3 Construction (2026)

- Construct west storm sewer system
  - Construct west half of Memorial Highway from approximately E Main Street to approximately 32<sup>nd</sup> Avenue SE
    - Construction includes:
      - Replacement and installation of underground utilities
      - Construction of curb and gutter roadway section with median at major intersections
      - Addition of bicycle and pedestrian facilities
      - Updated roadway lighting and traffic signals
      - Improved roadway drainage with installation of a storm sewer system
  - Construct sanitary lift station near 3rd Street SE intersection
-
